Better Results vs. the Competition*

PROSCRUB® OPTION

Helps eliminate soaking or pre-scrubbing by removing stubborn messes like seared, caramelized, or baked-on foods. Thirty-six targeted spray jets deliver concentrated cleaning to help ensure items like casserole dishes get the attention they need.

PROWASH™ CYCLE

Takes the guesswork out of getting exceptional cleaning by automatically selecting the appropriate cycle for washing dishes, and making real-time adjustments to maximize cleaning effectiveness.

VERSATILE LOADING OPTIONS

The third level culinary tool rack makes it easy to clean hard-to-place items and provides a space for overflow silverware. Both the upper and lower racks help improve cleaning performance with fold-down rows that keep tines out of the way, allowing water to clean inside deep or wide dishes. The adjustable SatinGlide® Max Upper Rack features fold-down cup shelves and Sure-Hold® Light Item Clips. And in the lower rack, the Culinary Caddy® Utensil Basket is an ideal space for tall items like whisks, spatulas, and ladles.
